# WHY PLAY FUTSAL?

# WHAT DOES THE FUTSAL SEASON LOOK LIKE?

- **We are very lucky to have a strong squad that we have been previously coaching, which is at a high standard, and we will carry these standards across all our age groups.**

- We want as many people to enjoy Futsal as possible but will cap the training squad at a maximum of 12 to help us deliver quality sessions and work on match combinations
- Everyone who has played in previous years will be offered the chance to join before we take on new players

- **Our training will follow the latest guidance/curriculum from the FA specific to Futsal**

- Sessions will always be well planned
- We will combine a core Futsal curriculum with tactics/moves/plays that will help the players in matches

- **4CornerSport believe in equal playing time when taking part in fixtures.**

- Mixed positions will be used to enhance the development of players. If to face a high levelled team or in competition, then this may change to set positions.
- Everyone develops at different speeds, but to develop they need practice and matches.
- In terms of playing opportunities, we will be equitable with the exception of the Pokémon Cup (which is highly competitive) where we will select the strongest squad

- **You will always be representing 4CornerSport at training and any fixtures.**

- 4Cornersport will ensure there are several fixtures in place to play against good futsal set ups. We want to give as much opportunities as possible to be seen by other clubs and professional clubs.
- Good sportsmanship will be a key feature of how we play
- Qualified Futsal referees are few and will be volunteers. Given adoption of Futsal is still in its early days, it's important players and spectators respect their decisions
- We will support other Futsal teams that we face and come across.

- **We expect regular attendance, attentive players with a willingness to learn.**

- Sessions will build on each other
- We will be coaching combinations and match tactics

- **You have the option to purchase the 4CornerSport Futsal Kit. This can be worn both at training and at matches. This is completely optional, but we recommend purchasing the kit to all be in one team kit. If you need help on this, please contact us.**

### FIXTURES:

#### WE INTEND TO:

- Arrange friendlies/ fixtures and tournaments for the remainder of the season. These could take place during the week or a replacement of a session on a Monday for a game. This will be communicated out in advanced to have time to plan and prepare. This will not happen in a set routine of weeks. We will be working with the availability of the opposition.
- Depending on availability – we will look to take all players to the fixture. However, if all players are available, a squad of 8-9 players will be chosen which this will be based off the players attendance.
- We will look to enter a tournament and to organise our own one (this will come at an additional cost per player) Details will be released in due course.

## MATCH KIT:

- Purchase for the kit is not compulsory. If you were to purchase, this can be used for training and fixtures. Please see the club kit section page.
